

Final Project

(Geospatial) Data Analytics Workflow

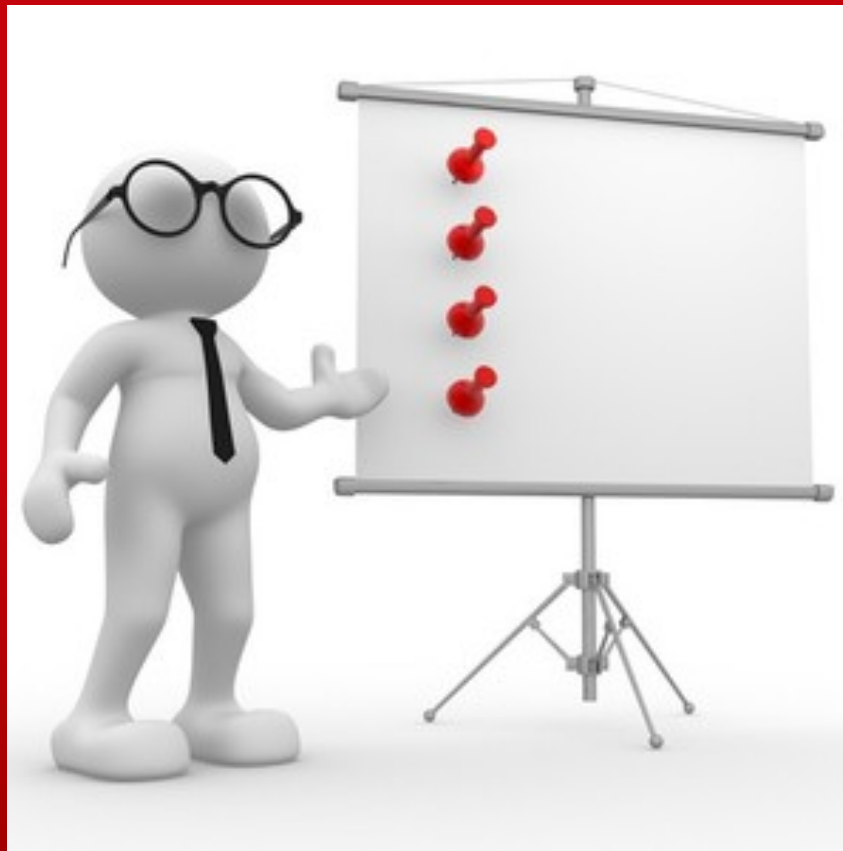

Team up and One-Page Project Proposal (Due on April 14, Tue)

Content:

- Project name
- Group members (size of 2 or 3)
- Motivation & Topic of Interest
- Required data and how you plan to get them
- Analysis Methods
-

**Save the date April 29th and April 30th
lecture and lab sessions for
the final presentation:**

Final Submissions: Due on May 1, Friday

(No extension due to grading deadline)

Two deliverable items:

- (1) Project Summary Presentation Slides in PDF or PPT (no more than 10 slides)**
- (2) Jupyter Notebooks or Google Colab Notebooks with code, annotations, and results (e.g., tables, maps, statistical plots, etc.)**
 - Introduction/Motivation
 - Data and Processing
 - Analysis Methods
 - Results and Findings
 - Brief Summary/Conclusion
 - Acknowledgement & References
 - If you are in a team, please also clarify each team member's contributions (e.g., conceptualization, data processing, analysis, visualization, report writing)
